

How to Find Us

If you are travelling from outside of the area, leave the M1 at Jct. 20 or leave the M6 at Jct 1 and proceed northbound away from Rugby into Lutterworth.

One Stop Shop at Wycliffe House, is on the Gilmorton Road as you leave Lutterworth town centre northbound in the direction of Leicester.

First find Lutterworth Police Station and turn right. From there proceed along Gilmorton Road for around 350m (400 yds). You will pass the fire and ambulance station and the Cottage Hospital on the right. Wycliffe House is on the left around the left-hand bend then through the gates. Please note, the building is set well back from the road.

On Arrival.

Wycliffe House has a large car park for visitors. As you enter the car park, the first building on the left is the Enterprise

Centre. Proceed to the second building which is One Stop Shop. The entrance for all organisations is directly in front of you with the exception of Citizens Advice Bureau which is to the left. Please note, if the entrance to citizens advice bureau is shut, you should consult the signs advising when it is next open. Entry cannot be gained by going through the main atrium of One Stop Shop.

Wycliffe House is working towards accessibility for all. The building is on one level with easy access for wheelchairs. Braille signs are fixed to the walls throughout the building and a T-loop hearing system is installed in the main conference rooms. However, if you still feel that your particular disability could be better provided for, do not hesitate to tell us and all possible steps will be taken to make the building as accessible as possible for you. If you require any kind of assistance on arrival, please ring the bell for attention.
